**ROLL NUMBER: 034084004**

**LOCATION ADDRESS: 4015 2 St NE**

**HEARING NUMBER: 55977**

**ASSESSMENT: \$1,300,000**

This complaint was heard on 30th day of July, 2010 at the office of the Assessment Review Board located at Floor Number 4, 1212 – 31 Avenue NE, Calgary, Alberta, Boardroom 3.

Appeared on behalf of the Complainant:

- *Karim Omidian, owner*

Appeared on behalf of the Respondent:

- *Ian McDermot and Wes Ehler, Assessors*

**Board's Decision in Respect of Procedural or Jurisdictional Matters:**

There was no objection to the composition of the Assessment Review Board (ARB).

There were no other procedural or jurisdictional matters raised.

**Property Description:**

The subject property is an industrial warehouse of 8,832 sq. ft. located on a lot which is .30 acre in size. The building was constructed in 1956 and has approximately 10% finished as office space. The property is zoned I-E – Industrial Edge.

**Issues:**

There were 2 issues identified on the Assessment Review Board Complaint Form; number 3, the assessment amount and number 7, the type of improvement.

**Complainant's Requested Value:**

The Complainant requested a value of \$970,000.

**Position of the Parties:**

**Issue One, Assessment Amount:**

The Complainant provided 2 sales comparables. The first was a sale at 3505 Edmonton Trail NE dated July 17, 2008. The actual sale price had been \$4,200,000, or \$138/sq. ft. The Complainant had time adjusted the sale price with a 5% reduction in 2008 and a further 13% reduction in 2009. He had arrived at a value of \$107/sq. ft., which was the value that he had based his requested value of \$970,000 on.

The second sale provided was dated January 5, 2010 and was, therefore, post facto and not considered. The ARB explained to the Complainant that the valuation date for the 2010 assessment was July 1, 2009 and that sales after that date could not be considered.

The Complainant provided an offer to purchase the subject property dated February 23, 2010, which the ARB also did not consider because it was post facto.

The Complainant also referred to the I-E zoning as being restrictive regarding the type of use that the subject property was eligible for, therefore reducing potential tenants or buyers.

The Respondent provided 7 equity comparables with a median assessment of \$154.09/sq. ft compared to the subject property which is assessed at \$148/sq. ft.

The Respondent also provided 7 sales comparables with a median value of \$174/sq. ft compared to the subject property's assessed value of \$147.77/sq. ft.

**Board's Decision:**

The ARB finds that the Complainant failed to demonstrate that the assessment is unfair or inequitable.

**Issue Two, Type of Improvement:**

The Complainant protested the finish percentage of the subject property, stating that there had been no change or improvement to the property since it was constructed in 1956.

The Respondent explained to the Complainant that the 10% finish referred to on the Assessment Explanation Supplement was the percentage of the total area of the building that had been finished as office or lobby space and did not refer to the quality of the finish or how recently the upgrade had been completed.

**Board's Decision on Issue Two:**

This issue appears to have resulted from misunderstanding. No ARB decision is required.

**Board's Decision:**

The ARB finds that the Complainant failed to demonstrate that the assessment is unfair or inequitable. The assessment is confirmed at \$1,300,000.

DATED AT THE CITY OF CALGARY THIS 16<sup>th</sup> DAY OF August 2010.
