

**COMPOSITE  
ASSESSMENT REVIEW BOARD  
DECISION WITH REASONS**

In the matter of the complaint against the Property assessment as provided by the *Municipal Government Act*, Chapter M-26.1, Section 460(4).

**between:**

***Altus Group Ltd., COMPLAINANT***

**and**

***The City Of Calgary, RESPONDENT***

**before:**

***C. Griffin, PRESIDING OFFICER***

***D. Julien, MEMBER***

***J. Mathias, MEMBER***

This is a complaint to the Composite Assessment Review Board (CARB) in respect of Property assessment prepared by the Assessor of The City of Calgary and entered in the 2010 Assessment Roll as follows:

<b>ROLL NUMBER:</b>	<b>201485745</b>
<b>LOCATION ADDRESS:</b>	<b>111 25 Ave SW</b>
<b>HEARING NUMBER:</b>	<b>59247</b>
<b>ASSESSMENT:</b>	<b>\$57,190,000</b>
<b>Residential:</b>	<b>100.00%</b>
<b>Non-Residential:</b>	<b>0.00%</b>

This complaint was heard on 29th day of November, 2010 at the office of the Calgary Assessment Review Board located at Floor Number 4, 1212 – 31 Avenue NE, Calgary, Alberta, Boardroom 6.

Appeared on behalf of the Complainant:

- *J. Weber* *Agent, Altus Group Ltd.*

Appeared on behalf of the Respondent:

- *J. Toogood* *Assessor, The City of Calgary*

**Procedural or Jurisdictional Matters:**

Both parties acknowledged that the issue and evidence regarding the Gross Income Multiplier (GIM) was identical to a prior hearing (59903) for a Beltline apartment building at 123 10th Avenue SW. The referenced hearing took place in front of the same CARB panel on November 12, 2010 and the Complainant's evidence was also presented by Mr. Weber, with Ms. Bazin present for the Respondent.

Accordingly, both parties were satisfied with providing their evidence on this issue as written submissions only, carrying forward their argument and comments from hearing 59903.

**Property Description:**

The subject is a three building high-rise rental property totalling 279 units located in the Mission district of SW Calgary. It was built in two phases. The initial building (Building One) was constructed in 1961 and is an eight storey building with 21 one bedroom and 31 two bedroom suites assessed at \$1,025 and \$1,400 per month respectively. The second phase involved the construction of the other two buildings in 2005 – both containing a fairly even mix of one and two bedroom suites. Building Two is a 14 storey tower with 53 one bedroom and 54 two bedroom units. Building Three is a 16 storey tower with 60 one bedroom and 61 two bedroom units. Buildings Two and Three are assessed with rental rates of \$1,300 and \$1,525 per month for the one and two bedroom suites respectively. Additionally, a 5.00% vacancy allowance and 13.00 Gross Income Multiplier (GIM) was applied to arrive at the current assessment for the residential portion. The combined 2010 assessment is \$57,190,000.

**Issue:**

While there are a number of inter-related grounds for complaint identified on the initial complaint form, the Complainant stated at the hearing that the sole remaining issue to be argued before the CARB was:

1. The assessed GIM is in excess of market value and is not equitable with similar properties

**Complainant's Requested Value:**

**\$53,620,000\***

\* based on a reduction in the GIM applied to Beltline and Downtown properties from 13.0 to 12.19. The assessed rents and typical vacancy were not contested.

**Exhibits Presented**

- C1 Complainant's evidence package
- R1 Respondent's evidence package

**Board's Findings in Respect of Each Matter or Issue:**

The GIM of 13.0 was shown to be assessed uniformly to all Beltline high-rise properties. It is therefore equitable for similar properties with a similar location. A distinction is made for high-rise rental buildings in suburban locations, where a GIM of 11.5 is used. The Complainant's equity evidence regarding the GIM was limited to a table of suburban high-rises. This evidence was unconvincing to suggest that Downtown / Beltline properties would have an equivalent value to Suburban properties, all things being equal other than location. There is simply an insufficient database of sales to draw such a correlation with reasonable certainty.

Notwithstanding equity, the Complainant focused on a market GIM analysis, with a resulting request for a revised GIM of 12.19. This was based on an analysis of three Beltline high-rise buildings ranging in size from 33 to 84 suites. The three buildings are: Centennial House (930 15 Ave SW), Premier Place (1122 15 Ave SW) and Aldrin House (915 13 Ave SW). All were built in the 1970s. These three properties were the only sales of large rental apartment buildings that occurred within the year prior to the valuation date, and that were considered by the Assessment department to be 'valid' market sales.

The Respondent did however introduce a 2009 downtown west end sale of a 121 suite high-rise, referred to as the Sundial Apartments, located at 835 6 Ave SW. This occurred very close to the valuation date on April 2, 2009 and indicated a GIM of 12.48 according to the City GIM study. The Respondent's contention was that this was however an inferior building, since it was purchased by the Calgary Drop-In & Rehab Centre Society with the intention of providing a mix of subsidized and market-priced units. The Board reviewed the Real Net sales report for this transaction, and could find no evidence to support the City's contention that the property could be considered in poor condition or in any way inferior. The evidence simply shows it to be a arm's length market sale.

The CARB notes that the Complainant's *Altus Downtown/Beltline GIM Study* has flaws in that an incorrect assumption was used regarding time-adjustment on sales prices along with an incorrect sale price for the Premier Place property. Referring to the GIM study presented by the Respondent, the CARB found that the Emerald Place property was an outlier and should not be given consideration as the sale price had evidently been negotiated approximately one year prior to the closing date at the peak of the market in 2007. Similarly, the Varsity Square property was also considered inappropriate given its suburban location. The sale involving Hillsboro Tower shows a 16.23 GIM according to the City analysis, which clearly does not fit with the other evidence. The Board notes that Hillsboro Tower has a large commercial component, which could skew the GIM if the commercial portion was undervalued. Accordingly the CARB is of the view that four properties should legitimately be incorporated into the 2010 Downtown/Beltline GIM Analysis, those being: Sundial Apartments, Centennial House, Premier Place and Aldrin House. After a thorough analysis of these four sales, the CARB finds insufficient evidence to conclusively warrant any significant adjustment to the assessed GIM.

**Board's Decision:**

The Board **confirmed** the assessment at **\$57,190,000**.

DATED AT THE CITY OF CALGARY THIS 17 DAY OF December 2010.
