

**CALGARY  
ASSESSMENT REVIEW BOARD  
DECISION WITH REASONS**

In the matter of the complaint against the property assessment as provided by the *Municipal Government Act*, Chapter M-26, Section 460, Revised Statutes of Alberta 2000 (the Act).

**between:**

***564967 Alberta Ltd., (as represented by Altus Group), COMPLAINANT***

**and**

***The City Of Calgary, RESPONDENT***

**before:**

***T. Hudson, PRESIDING OFFICER***

***E. Reuther, MEMBER***

***B. Jerchel, MEMBER***

This is a complaint to the Calgary Assessment Review Board in respect of a property assessment prepared by the Assessor of The City of Calgary and entered in the 2011 Assessment Roll as follows:

**ROLL NUMBER: 078061306**

**LOCATION ADDRESS: 840 26 AV SE**

**HEARING NUMBER: 61177**

**ASSESSMENT: \$2,160,000**

This complaint was heard on the 29th day of September, 2011 at the office of the Assessment Review Board located at Floor Number 4, 1212 – 31 Avenue NE, Calgary, Alberta, Boardroom 4.

Appeared on behalf of the Complainant:

- R. Worthington

Appeared on behalf of the Respondent:

- R. Luchak

**Board's Decision in Respect of Procedural or Jurisdictional Matters:**

A matter central to the interests of the Parties in these hearings, is whether the Direct Sales Comparison approach to value employed by the Respondent, or the Capitalized Income approach to value employed by the Complainant, yields the best estimate of market value for the industrial properties under complaint.

In this regard, the Parties questioned whether all of the members of this panel of the Board had, in the course of their participation in previous hearings, heard the evidence, testimony and rebuttal with respect to the 2011 Industrial Cap Rate Evidence for Multiple Roll Numbers, prepared by the Complainant. Both of the side panel Members responded affirmatively, while the Presiding Officer advised that he had not had that opportunity.

The Parties suggested that they would provide a complete, but summarized version of their presentations on the Cap Rate issue. The Parties also requested that their Cap Rate presentations be brought forward and considered in the deliberations and decisions of the Board with respect to a number of individual industrial property assessment complaints scheduled for hearing by this panel of the Board, including the subject property.

The Board had no objection and agreed to proceed as requested by the Parties.

**However, it was noted that the Board will be guided by CARB 0522/2010-P, which states that, “ the legislation and attendant regulations do not identify the valuation approach chosen by an assessment authority to be the subject of a complaint to, or adjudication by a Composite Assessment Review Board (CARB). CARB’s judge the fairness and equity of the assessments which result from the valuation process, not the valuation process itself. The process is subject to audit Under MRAT Article 10 with respect to quality standards, but not to complaint adjudication by CARB’s.”**

**Property Description:**

The subject property is a 1.04 acre parcel of land located in the Alyth/Bonnybrook industrial area, improved with two (2) single tenant (IWS) warehouses, and one (1) industrial out building. The improvements, constructed in 1952 and 1981, represent 38.53% site coverage. Warehouse #1 has 9,316 square feet (sf.) of net rentable area and 13% office finish. Warehouse # 2 has 4,080 sf., of net rentable area, with no office finish. The outbuilding has 4,000 sf., of storage

area. The current assessed amount for Warehouse #1 is \$1,375,749, or \$147 per square foot (psf.) of net rentable area. Warehouse #2 is \$750,997, or \$184.07 psf. The outbuilding is \$40,000, or \$10 psf. The total current assessment is \$2,160,000 (rounded), or \$124 psf.

**Issues:**

Does the Current Assessment Amount Exceed the Market Value of the Subject Property?

Is the Current Assessment Amount Equitable when Compared to the Assessments of Similar Properties?

**Complainant's Requested Value:** \$1,240,000 (rounded), or \$72 psf.

**Board's Finding in Respect of Each Matter or Issue:**

Does the Current Assessment Amount Exceed the Market Value of the Subject Property?

**The Board finds that the current assessment amount is a reasonable estimate of the market value of the subject property. The Board further finds that the Complainant has not demonstrated, based on market evidence, that the requested reduction in the assessment amount reflects both fee simple estate and market value for the subject property.**

The Complainant argued that due to a lack of industrial sales that are comparable to the properties under complaint, a reasonable estimate of the market value for assessment purposes should not be determined using the Direct Sales comparison approach. In addition, the Complainant submitted evidence in support of their assertion that the time adjustment factors used by the Respondent to adjust sale prices, significantly understate the impact of the economic downturn on real estate values during the period from July 2008 to June 2010 (Exhibit C3(b), page 3). Under these circumstances, the Complainant argued that it is generally accepted assessment practice to prepare assessments for income producing properties based on the Capitalized Income approach to value.

In support of the Income approach, the Complainant prepared the aforementioned 2011 Industrial Cap Rate Evidence for Multiple Roll Numbers, (Exhibits C1 and C2). The analysis examined the rate of return on the sale of eight (8) industrial properties that sold between April 2009 and April 2010, (Charts, pages 19, 20 of Exhibit C1).

The Complainant employed the actual income stream of each of the properties at the time of sale; reduced by a combined 5% vacancy and non-recoverable expense factor, to arrive at stabilized net operating income (NOI). The NOI divided by the actual sale price generated a capitalization, (cap rate), rate for each sale. A proposed cap rate of 8.25% for industrial properties constructed before 1995, and 7.75% for properties constructed after 1995 resulted from the analysis. These cap rates were applied in preparing the assessment amounts requested for the properties under complaint, including the subject.

In the case of the subject property, the Complainant determined that the market lease rate for

Warehouse #1 was \$7.95 psf., which generated \$70,359 in NOI. When capitalized at 8.25%, the resulting assessment amount requested is \$852,837. Warehouse #2 market lease rate was \$7.50 psf., with NOI of \$29,070. Capitalized at 8.25%, the resulting assessment amount requested is \$352,364. The current assessment amount of \$40,000 for the outbuilding was accepted by the Complainant. The total assessment amount requested was \$1,240,000 (rounded), or \$72 psf.

The Respondent countered that the forty-two percent (42%) reduction in the assessed amount requested by the Complainant does not reflect market value for the subject property. The Respondent argued that the Complainant's cap rate analysis is based on only eight (8) sales when a minimum of twenty-one (21) were available. In addition, the analysis mixes actual and typical inputs to produce assessments that reflect leased fee estate value, rather than the fee simple estate value required by the Matters Relating to Assessment and Taxation Regulation (MRAT), Part 1, Section, 29(c).

The Respondent submitted the August 2010 Assessment Request for Information (ARFI) report on the subject property, (page 12 of Exhibit R1); which shows that most of the net rentable area in the warehouse buildings (i.e. 12,480 sf.), is achieving \$13.26 psf., from a month to month lease signed in 2007.

Is the Current Assessment Amount Equitable when Compared to the Assessments of Similar Properties?

**The Board finds no reason to conclude that the assessment of the subject property should be reduced in order to achieve equity.**

The Complainant submitted six (6) property assessment equity comparables with a median value of \$110.22 psf. (Chart page 7, of Exhibit C4).

The Respondent noted that all of the assessment comparable properties submitted by the Complainant had an I-G land use classification, while the subject property is classified I-E.

The Respondent submitted three (3) property assessment equity comparables, all with the I-E land use classification, and showing a range from a low of \$157 psf., to a high of \$195 psf. (Chart, page 14, Exhibit R1).

**Board's Decision:** The assessment is confirmed at \$2,160,000

DATED AT THE CITY OF CALGARY THIS 4 DAY OF November 2011.

**T. B. Hudson**  
Presiding Officer

**APPENDIX "A"**

**DOCUMENTS PRESENTED AT THE HEARING  
AND CONSIDERED BY THE BOARD:**

<b>NO.</b>	<b>ITEM</b>
1. C1 and C2	Complainant Cap Rate Evidence
2. C3 (a), and (b)	Complainant Rebuttal
3. C4	Complainant Disclosure
4. R1	Respondent Disclosure

*An appeal may be made to the Court of Queen's Bench on a question of law or jurisdiction with respect to a decision of an assessment review board.*

*Any of the following may appeal the decision of an assessment review board:*

- (a) the complainant;*
- (b) an assessed person, other than the complainant, who is affected by the decision;*
- (c) the municipality, if the decision being appealed relates to property that is within the boundaries of that municipality;*
- (d) the assessor for a municipality referred to in clause (c).*

*An application for leave to appeal must be filed with the Court of Queen's Bench within 30 days after the persons notified of the hearing receive the decision, and notice of the application for leave to appeal must be given to*

- (a) the assessment review board, and*
- (b) any other persons as the judge directs.*
