PROCEDURAL MATTERS

Upon questioning by the Presiding Officer, the parties present indicated no objection to the composition of the Board. In addition, the Board members indicated no bias with respect to this file.

BACKGROUND

The subject property is a single-story office building located at 10623 – 124 Street in the Westmount neighbourhood of Edmonton. It was constructed in 1976, and consists of roughly 4,200 square feet on a lot of approximately 7,300 square feet. It was assessed on the basis of income capitalization, and the 2011 assessment is \$595,000.

ISSUE(S)

- 1) Is the 2011 assessment of the subject property at \$595,000 fair and equitable?
- 2) Is the lease rate utilized in the 2011 assessment fair and equitable?
- 3) Is the capitalization rate utilized in the 2011 assessment fair and equitable?

LEGISLATION

Municipal Government Act, RSA 2000, c M-26

s 467(1) An assessment review board may, with respect to any matter referred to in section 460(5), make a change to an assessment roll or tax roll or decide that no change is required.

s 467(3) An assessment review board must not alter any assessment that is fair and equitable, taking into consideration

- a) the valuation and other standards set out in the regulations,
- b) the procedures set out in the regulations, and
- c) the assessments of similar property or businesses in the same municipality.

POSITION OF THE COMPLAINANT

The Complainant presented evidence (C-1) and argument for the Board's review and consideration.

The Complainant presented the rent roll for the subject property (C-1, page 7) as well as three sales comparables (C-1, pages 8-10) to support a requested lease rate for the subject property of \$11.00 per square foot.

The Complainant also requested a cap rate revision to 8.5% (C-1, page 2) based on the same three sales comparables.

The Complainant presented a time adjustment chart (C-1, page 11) to illustrate that commercial properties had decreased in value approximately 5% from June, 2009 to June, 2010 whereas the subject property's 2011 assessment has increased by 13% over the previous year.

The Complainant requested the 2011 assessment be reduced from \$595,000 to \$472,000.

POSITION OF THE RESPONDENT

The Respondent presented evidence (R-1) and argument for the Board's review and consideration.

The Respondent referenced the mass appraisal methodology (R-1, pages 5-16) utilized by the City of Edmonton to value properties in preparing the annual assessments.

The Respondent presented sales information to support the 2011 assessment of the subject property. The Respondent suggested that the market in the area of the subject property was unique and properties in this area were achieving higher sales prices than similar properties in other market areas.

The Respondent indicated that the 2011 assessment of the subject property (R-1, page 22) was derived by utilizing a lease rate of \$13.00 per square foot along with a cap rate of 8%.

The Respondent also referenced a number of MGB and Court decisions in support of the method of valuation of the subject property.

The Respondent requested that the 2011 assessment of \$595,000 be confirmed as fair and equitable.

DECISION

The decision of the Board is to reduce the 2011 assessment of the subject property from \$595,000 to \$501,500.

Roll Number	Original Assessment	New Assessment
2711406	\$595,000	\$501,500

REASONS FOR THE DECISION

- 1) The Board reviewed and considered the evidence and argument presented by both parties at the hearing.
- 2) The subject property was assessed utilizing the income approach to valuation and the Complainant specifically challenged the lease rate and the cap rate utilized to derive the 2011 assessment.
- 3) The Respondent did not address either the lease rate or the cap rate in the evidence presented. The Board noted that the Respondent provided only sales data which did not include sufficient income information to support the lease and cap rates utilized in the 2011 assessment.
- 4) The Board placed greatest weight on the Complainant's evidence for the lease rate, noting that the rent roll for the subject property was presented (C-1, page 7) and an actual lease rate in place was effective March, 2009 at \$8.50 per square foot increasing in March, 2011 to \$9.00 per square foot. A second tenant's lease commenced March, 2005 at \$9.14 per square foot increasing April, 2012 to \$10.28 per square foot. The Board was compelled to give weight to these actual lease rates as no comparative lease rate

information had been provided by the Respondent. The Respondent indicated that lease rates in the subject area had remained unchanged over the past year.

- 5) The Board finds that the lease rate of \$11.00 per square foot requested by the Complainant is fair and equitable.
- 6) The Board considered the sales data provided by the Complainant that supported a requested cap rate of 8.5%. The Board noted that the three sales presented to support the request were located in three different and diverse market areas which were further removed from the subject property.
- 7) The Board finds that the Complainant has not met the required burden of proof to question the validity of the cap rate utilized in the 2011 assessment.
- 8) In determining the revised assessment value of \$501,500 the Board utilized the pro-forma provided by the Respondent (R-1, page 22) with a revised lease rate of \$11.00 per square foot.
- 9) The Board finds that the reduced 2011 assessment of \$501,500 for the subject property is fair and equitable.

DISSENTING OPINION AND REASONS

There were no dissenting opinions.

Dated this 18th day of October, 2011, at the City of Edmonton, in the Province of Alberta.

Patricia Mowbrey, Presiding Officer
