

BOARD ORDER: MGB 072/02

IN THE MATTER OF THE *Municipal Government Act* being Chapter M-26.1 of the Statutes of Alberta 1994 (Act).

AND IN THE MATTER OF a Preliminary Hearing respecting Linear Assessment Complaints filed by Mr. Affolder on behalf of Yellowhead County, Municipal District of Bonnyville No. 87 and Lac Ste. Anne County for the 2000 tax year and respecting Linear Assessment Complaints filed by Mr. Affolder on behalf of Yellowhead County, County of Two Hills No. 21, Municipal District of Bonnyville No. 87, Municipal District of Greenview No. 16 and Lac Ste. Anne County for the 2002 tax year.

BETWEEN:

The Municipal District of Bonnyville No. 87, Yellowhead County, Lac Ste. Anne County, Municipal District of Greenview, and the County of Two Hills No. 21 - Complainants

- a n d -

Designated Linear Assessor for the Province of Alberta - Respondent

BEFORE:

Member:

Tom Robert, Presiding Officer

Secretariat:

Dennis Woolsey, Secretariat

Anita Sjouwerman, Secretariat Support

Mark Heck, Secretariat Support

Upon notice being given to the affected parties, a hearing was held in the City of Edmonton, in the Province of Alberta on May 9, 2002.

This is a decision of the Municipal Government Board (MGB) dealing with preliminary matters regarding the validity of the complaints filed by various municipalities in respect of linear property assessments prepared by the Designated Linear Assessor for the 2000 and 2002 tax years. Specifically, the decision deals with complaints filed by the Lac Ste. Anne County, Lakeland County, Yellowhead County, the Municipal District of Bonnyville No. 87 and the Municipal District of Greenview No. 16, for the 2000 tax year and with complaints filed by the County of Two Hills No. 21, Yellowhead

BOARD ORDER: MGB 072/02

County, Lac Ste. Anne County, the Municipal District of Bonnyville No. 87 and the Municipal District of Greenview No. 16 for the 2002 tax year.

Appendix “C” lists the properties in question as identified by their individual Permanent Property Inventory-Identifier (PPI-ID) numbers or license/line numbers for the 2000 tax year. Appendix “D” lists the properties in question as identified by their individual PPI-ID numbers or license/line numbers for the 2002 tax year.

In summary, the primary issues before the MGB at the preliminary hearing was did the complaints, as filed, meet the requirements of the Act, the MGB Procedure Guide and the Rules of Natural Justice? Specifically are they sufficiently complete to allow both the MGB and the Respondent to understand the nature of the complaints and as such be classified as a valid complaint?

BACKGROUND

The linear property assessment notices for the 1999 and 2001 assessment years sent to the Complainants by the Assessment Services Branch of Alberta Municipal Affairs stated that a complaint about an assessment for linear property must be filed with the Administrator of the MGB on or before May 31, 2000 and on or before April 15, 2002 respectively.

On May 31, 2000 the MGB received complaints from the Lac Ste. Anne County, Lakeland County, Yellowhead County, the Municipal District of Bonnyville No. 87 and the Municipal District of Greenview No. 16 appealing all of the 1999 linear assessments in each of those municipalities. Though no forms, notices, or detail reports were received with the complaints, the complaints indicated that details of the 1999 linear assessments were received only on May 30, 2000 which prevented a detailed analysis from being carried out prior to the deadline. Once the details were reviewed, further details regarding the complaints would be forwarded to the MGB.

On June 2, 2000 the MGB sent a Notice of Incomplete Appeal to counsel for the complainants requesting additional information to be received within 14 days. The information was to consist of a signed completed Appeal Form, copies of the 1999 Linear Property Assessment Notices and a copy of the 1999 Assessment Detail Report for each of the following municipalities: Lac Ste. Anne County, Municipal District of Bonnyville No. 87, Municipal District of Greenview No. 16, Lakeland County and Yellowhead County. The Notice stated that if the information was not received within 14 days the MGB would proceed to a preliminary hearing.

On June 12, 2000 the MGB received a letter from Mr. Affolder, agent for the complainants, indicating again that the receipt of pipeline details on May 30, 2000 left his agency with only one day to provide

BOARD ORDER: MGB 072/02

the requested details. The agent had also been informed of a revised linear assessment to be mailed shortly and was therefore waiting for this revised assessment before conducting the audit for the municipalities. Mr. Affolder stated that all the linear assessments were appealed on May 31, 2000 in order to preserve the right to appeal and he requested to be advised if the MGB still required copies of all linear assessment notices and detail reports for each property.

On September 13, 2000 the MGB sent a second request for information to Mr. Affolder. This request was identical to the Notice of Incomplete Appeal sent on June 2, 2000. The agent was again informed that if the information was not received within 14 days, the MGB would proceed to a hearing to determine if the complaints were properly filed.

On September 26, 2000 the MGB received from Mr. Affolder an Appeal Form with respect to Yellowhead County, the Municipal District of Bonnyville No. 87, Lakeland County and Lac Ste. Anne County with an attached list for each municipality containing part of the requested information. The Appeal Form listed the reason for complaint as "Pipeline not assessed and/or wrong obsolescence factor."

A preliminary hearing was scheduled for October 23, 2000. On October 4, 2000 the MGB spoke with counsel for the Linear Assessor who requested the preliminary hearing be postponed pending the issuing of amended linear assessments. The hearing was cancelled.

On October 27, 2000, the amended linear assessments were issued. On November 27, 2000 the MGB received from Mr. Affolder an Appeal Form on an amended assessment notice respecting Yellowhead County, Lac Ste. Anne County, Lakeland County and the Municipal District of Bonnyville No. 87 with an attached listing for each municipality containing limited information. The Appeal Form listed the reason for complaint as "Mixed Assessment/Wrongly Assessed". On November 27, 2000 Mr. Affolder withdrew all the complaints for the 2000 tax year for the Municipal District of Greenview No. 16.

On December 1, 2000 the MGB sent to Mr. Affolder in respect of the Appeal Form on the amended assessment notice, a Notice of Incomplete Appeal. The Notice requested a copy of the October 27, 2000 revised 2000 Linear Property Assessment Notice for each municipality under complaint. The information was to be received within 14 days.

On December 11, 2000 Mr. Affolder responded indicating that he had never received a hard copy of the revised notices but would forward an "electronic copy of the pipeline details" if the MGB so desired. On the same day, the MGB repeated its request for hard copies of the revised notices and that they be forwarded within the time frame set out in the request of December 1, 2000.

BOARD ORDER: MGB 072/02

On December 15, 2000 Mr. Affolder informed the MGB that the municipalities would be forwarding the amended assessment notices to him and that he would endeavour to provide copies to the MGB by December 20, 2000.

On December 22, 2000 the MGB received information for some of the complaints but did not receive any additional information with respect to the complaints in the Municipal District of Bonnyville No. 87. The MGB notified Mr. Affolder of this on January 24, 2001.

In 2001 a similar complaint was filed by the Complainants with respect to the linear assessments for the 2001 tax year. The nature of the complaint was again unclear to the Designated Linear Assessor. Over an eight-week period and with the aid of a private consultant engaged specifically for this purpose, the Linear Assessor was able to determine the nature and details of the 2001 complaints. All the 2001 complaints were resolved under s. 305 of the Act and are not before the MGB.

On January 22, 2001 a preliminary hearing was held regarding the validity of approximately 530 complaints similar to those at issue filed by Mr. Affolder on behalf of the municipalities with respect to the 1998 linear assessments for the 1999 tax year. The MGB decided to postpone dealing with the complaints for the 2000 tax year pending the outcome of this hearing. The MGB issued its decision on October 26, 2001 under MGB Order MGB 136/01. The decision was appealed and is currently before the Court of Queen's bench of Alberta. In view of this appeal, the MGB proceeded to deal with the complaints for the 2000 tax year.

On April 15, 2002 the MGB received a complaint from the Complainants in respect of the linear assessments for Yellowhead County, County of Two Hills No. 21, Lac Ste. Anne County, the Municipal District of Bonnyville No. 87 and the Municipal District of Greenview No. 16 for the 2002 tax year. Accompanying the complaint were listings of various properties in each municipality under the headings of "Missing Pipeline", "Oil Flow", "To Review/To Check" and "Missing Wells".

On April 23, 2002 the MGB sent a Notice of Incomplete Application to Mr. Affolder requesting him to complete his application in respect of the complaints for the 2000 tax year. Specifically the MGB requested that Mr. Affolder provide for each of the municipalities listed in the complaint:

- A clarification of the reason for complaint given to all properties: "pipeline not assessed and/or wrong obsolescence factor"
- An identification of the exact properties to which each reason is being applied
- Clarification of the meaning of "wrong obsolescence factor"
- Original Assessment Notices, Amended Assessment Notices, original Detail Reports and Amended Detail Reports for all owner/operators involved in the complaints

BOARD ORDER: MGB 072/02

On April 23, 2002 the MGB also sent a Notice of Incomplete Application to Mr. Affolder in respect of the complaint regarding the linear assessments for the 2002 tax year. The Notice requested for each of the municipalities listed on the complaint an explanation of each of the properties listed under the headings "Missing Pipeline", "Oil Flow", "To Review/To Check" and "Missing Wells", and why these properties were under complaint.

Under both notices of April 23, 2002 Mr. Affolder was informed that the information was to be provided by May 7, 2002 and that if not received by that date he would be required to appear before a panel of the MGB on May 9, 2002.

On May 6, 2002 part of the requested Assessment Notices for the 2000 tax year were delivered to the MGB. On May 7, 2002 Mr. Affolder provided a response to the MGB in respect of the complaints for the 2000 and 2002 tax years. With regard to the complaints for the 2000 tax year, Mr. Affolder indicated that the properties were either "non-operational" or "operational" and are wrongly assessed as per this type of property. Mr. Affolder also indicated that the obsolescence factors applied are those as prescribed in the "1999 Alberta Linear Assessment Manual." Attached were spreadsheets for Municipal District of Bonnyville No.87, Lac Ste Anne and Yellowhead County properties containing part of the requested information. On May 7, 2002 Mr. Affolder withdrew all the 2000 complaints for Lakeland County.

With regard to the complaints for the 2002 tax year, the response for the heading "Missing Pipeline" indicated that the lines were not assessed and were listed with the Alberta Energy and Utilities Board (AEUB) and that evidence would be provided to support this claim. This evidence was not included in his letter of May 7, 2002. Respecting the header "Oil Flow" Mr. Affolder mentioned that he wished to withdraw that portion of his complaint for all five municipalities. A portion of the lines captured under the header "To Review/To Check" was withdrawn. He indicated that the remaining lines under that header are "operational" and should be assessed as per the "2001 Alberta Linear Property Assessment Manual". For the complaints described under the header "Missing Wells" Mr. Affolder indicated that these wells were listed with the AEUB but do not appear to be included in the linear assessments. Mr. Affolder also recommended "holding off of any hearing" until he could meet with representatives of Alberta Municipal Affairs.

On May 7, 2002 the MGB informed Mr. Affolder that it had concluded that the requested information was not full and complete and that he would therefore be required to appear before a panel on May 9, 2002.

On May 8, 2002 Mr. Affolder contacted the representative of the Linear Assessor, G. Johnson, and requested a meeting during which the 2002 complaints could be analyzed and resolved in a process

BOARD ORDER: MGB 072/02

similar to that undertaken in 2001 with respect to the 2001 complaints. Mr. Johnson indicated that the Linear Assessor was not prepared to handle the 2002 complaints in this manner.

A preliminary hearing was held on May 9, 2002 to deal with the allegations of incompleteness and failure by the Complainants to subsequently provide the MGB with the required information within prescribed deadlines in respect of the complaints for the 2000 and 2002 tax years. This Board Order is the result of that hearing.

ISSUES

The following issues were raised with respect to the validity of the complaints before the MGB.

1. Do the complaints filed by the Complainants for the 2000 tax year comply with the information requirements under the Act and the Procedure Guide of the MGB?
2. If Issue #1 is answered in the negative, did the Complainants provide the necessary information required under the Act and the Procedure Guide of the MGB within the time limits prescribed under the MGB Procedure Guide?
3. Do the complaints filed by the Complainants for the 2002 tax year comply with the information requirements under the Act and the Procedure Guide of the MGB?
4. If Issue #3 is answered in the negative, did the Complainants provide the necessary information required under the Act and the Procedure Guide of the MGB within the time limits prescribed under the MGB Procedure Guide?
5. Do the actions of the Linear Assessor in hiring a private consultant to assist in the clarification of the complaints for the 2001 tax year create a legitimate expectation on the part of the Complainants that this process would be followed in respect of the complaints for the 2002 tax year?
6. If the answer to Issue #5 is yes, would it be fair and equitable to provide the Complainants with a time extension in respect of the complaints for the 2002 tax year?
7. Does the MGB have the authority to compel the Linear Assessor to provide outside resources to assist in the clarification of the complaints for the 2002 tax year?
8. Should the Linear Assessor be awarded costs to be paid by the Complainant?

BOARD ORDER: MGB 072/02

LEGISLATION

In order to decide the above issues the MGB makes reference to the following sections of the Act and the MGB Procedure Guide.

Municipal Government Act

The Act sets out a clear process for the assessor to make corrections to the roll and a clear process for dealing with the situation when it is discovered that no assessment has been prepared and should have been prepared.

305(1) If it is discovered that there is an error, omission or misdescription in any of the information shown on the assessment roll,

- (a) the assessor may correct the assessment roll for the current year only, and*
- (b) on correcting the roll, an amended assessment notice must be prepared and sent to the assessed person.*

(2) If it is discovered that no assessment has been prepared or adopted for a property and the property is not listed in section 298, an assessment for the current year only must be prepared and an assessment notice must be prepared and sent to the assessed person.

The Act requires that the written statement accompanying the complaint to the MGB must be filed within certain time periods and must contain certain information.

491(1) Any matter that is to be dealt with by a hearing before the Board must be in the form of a written statement and must be filed with the administrator within the following periods:

- (a) for a complaint about an assessment for linear property, not later than the date shown on the assessment notice;*

(2) The statement referred to in subsection (1) must include

- (a) the reason for the matter being referred to the Board,*
- (b) a brief explanation of the issues to be decided by the Board, and*
- (c) an address to which any notice or decision of the Board is to be sent.*

The Act defines a linear property complaint and outlines the specific matters as shown on the assessment notice that can be complained about.

492(1) A complaint about an assessment for linear property may be about any of the following matters, as shown on the assessment notice:

- (a) the description of any linear property;*
- (b) the name and mailing address of an assessed person;*
- (c) an assessment;*
- (d) the type of improvement;*
- (e) school support;*
- (f) whether the linear property is assessable;*

BOARD ORDER: MGB 072/02

(g) whether the linear property is exempt from taxation under Part 10.

BOARD ORDER: MGB 072/02

The Act outlines who can make a complaint.

492(1.1) Any of the following may make a complaint about an assessment for linear property:

- (a) an assessed person;*
- (b) a municipality, if the complaint relates to property that is within the boundaries of that municipality.*

The authority of the MGB's decision-making power is confined to those items outlined in the specifics as to what a complaint is about.

499(1) On concluding a hearing, the Board may make any of the following decisions:

- (a) dismiss a complaint or an appeal that was not made within the proper time;*
- (b) make a change with respect to any matter referred to in section 492(1), if the hearing relates to a complaint about an assessment for linear property;*

The Act authorizes the MGB to make rules regulating its procedures.

523 The Board may make rules regulating its procedures.

MGB Procedure Guide

The MGB has adopted the following procedures for the processing of linear complaints.

6.4 Completion of Linear Assessment Complaint

- a) The statement of complaint must contain the description of the linear property under complaint.
- b) The complaint must contain the name and address of the assessed party and the copy of the assessment notice.
- c) The complaint must be signed by the complainant or the complainant's representative.

6.5 Providing Reasons

- a) A brief description of the reason(s) for the appeal/complaint must be provided on the form. (Note: the statement that the assessment is too high does not provide an adequate reason for an assessment appeal.)

BOARD ORDER: MGB 072/02

- b) Where reason(s) are not provided, the appeal/complaint will be classified as incomplete and further steps in the process will not be possible until the information is provided.

6.6 Incomplete Appeal/Complaint Forms

In order to facilitate the provisions of the Act and to process the Appeal/Complaint Form the following information is required: location (where appropriate the specific location in the community and/or the municipal address), assessment where applicable, reasons and statement of issue(s). Without this basic information the Board is not able to schedule an appeal/complaint. The Appeal/Complaint Form shall contain as much detail as possible to outline the issues.

The MGB has defined “Incomplete Appeal/Complaint form as follows.

6.6.2 Definition of Incomplete Appeal/Complaint Form

An incomplete Appeal/Complaint Form as determined by the Board is one that does not contain the following:

- a) signatures of, or other forms of authorization on behalf of, the appellant/complainant(s).
- b) for an appeal/complaint a copy of the Assessment Notice (or documents that provide the assessment roll number of each property under appeal, the location of the property, land and improvement values of the property, market value assessment, name of the assessed person(s), the property type and the calendar year that the property is under appeal).
- c) For an assessment appeal, a copy of the Assessment Review Board decision is required.
- d) reason(s) for the appeal/complaint. Appellants/complainants must include reasons for the appeal/complaint.
- e) any other information the Board requests in order to process the Notice of Appeal/Complaint.

BOARD ORDER: MGB 072/02

The MGB has adopted the following procedures for handling an incomplete appeal/complaint:

6.6.3 Status of the Incomplete Appeal/Complaint Form

- a) The Board will acknowledge in writing to the appellant/complainant that the Appeal/Complaint Form was received but will give it an incomplete status until the appellant/complainant provides all required information.
- b) It is the responsibility of the appellant/complainant to make all information available to the Board.

The MGB has put in place a process for obtaining the information required in order to hear an appeal/complaint.

6.6.4 Process for Obtaining Information

The Board has put in place a process for acquiring the information it needs to hear the appeal/complaint in a timely manner consistent with the Act, the Regulations, the principles of natural justice and administrative law. It is expected that the information will be provided to the Board without delay.

- a) The Board will send a Notice of Incomplete Appeal to the appellant/complainant within fourteen (14) days of receiving the Appeal/Complaint Form. The notice will indicate that the Appeal/Complaint Form is incomplete and identify the information required (a sample notice is attached in the Schedule of Forms).
- b) The appellant/complainant has fourteen (14) days from the date of notice to supply the incomplete information. Where the party does not provide the information within the fourteen (14) days, the party will be required to appear at a preliminary hearing before the Board to explain why the information is not forthcoming or provide the information. (A sample letter notifying the appellant/complainant of the preliminary hearing is attached in the Schedule of Forms.)
- c) The appellant/complainant may either provide the information prior to the date of the preliminary hearing or appear at the preliminary hearing to explain why the information has not been provided.

BOARD ORDER: MGB 072/02

- d) The preliminary hearing of administrative matters regarding the appeal/complaint is limited to resolving the issue of missing information with respect to incomplete appeals/complaints. The Board will not hear evidence on issues under appeal.

At a preliminary hearing regarding administrative matters with respect to an appeal/complaint, the MGB may do any of the following.

6.6.5 Board Decision

- a) At the preliminary hearing administrative matters regarding the appeal/complaint, the Board may do any of the following:
 - i) issue an order compelling the information to be produced by a specified date.
 - ii) declare the appeal invalid which will result in the confirmation of the assessment.
 - iii) such other action the Board considers fair and reasonable considering the actions of the parties.
- b) the Board will notify the parties of its decision in writing.

SUMMARY OF COMPLAINANT'S POSITION

The Complainants maintain that sufficient details have been provided in respect of the complaints for the 2000 and 2002 tax years in order to support the complaints going forward. The properties have been sufficiently identified in that the PPI-ID numbers have been provided for each property under complaint. The complaints also contained explanations that a property was under complaint because the property was either missed from the original assessment or was incorrectly depreciated. The Complainants maintain that these explanations are sufficient and constitute valid reasons for a complaint.

The Complainant also argues that the previous MGB decisions regarding Manhattan Resources Ltd., Mika Resources Ltd. and Merit Energy Ltd. cited by the Respondent should not be applied in this case. Though in each case the MGB dismissed complaints submitted under incomplete applications, the cases are distinguishable on the basis that in each case responses to MGB requests for further information

BOARD ORDER: MGB 072/02

were completely unresponsive. In this case, the Complainants have responded and provided additional information to the MGB upon request.

With specific regard to the complaints for the 2002 tax year, the Complainant argues that the same information for these complaints has been provided as was provided for the complaints for the 2001 tax year. In 2001 however, the Linear Assessor was able, with the assistance of a private consultant, to meet with the Complainants, clarify the complaints, and resolve all the complaints under s. 305 of the Act. The Complainants submit that the same process could be used to resolve the complaints for the 2002 tax year.

SUMMARY OF RESPONDENT'S POSITION

The Respondent argues that s. 491(2) of the Act requires that all parties as well as the MGB must be provided specific information with respect to a complaint prior to that complaint being heard by the MGB. This information is required to enable the Respondent to know the case to be met and to enable the MGB to understand the nature of the complaint before it. The Complainant has failed to provide this information with respect to the complaints filed for the 2000 and 2002 tax years.

The MGB has made three separate additional requests for information with respect to the complaints for the 2000 tax year. The most recent request clearly indicates that the nature of the complaint is unclear and specifically requests a clarification of the reasons for the complaint and a definition of specific terms used in the complaint. The Respondent submits that the Complainant's response to this request is non-responsive in that it indicates only that a property is either "non-operational" or "operational". These terms have no meaning to the Respondent and the Complainants have not provided an explanation of their meaning within the context of linear property assessment.

With regard to the complaints for the 2002 tax year, the MGB made a similar request for additional information. The MGB asked for a description of the properties under complaint, an explanation as to why the original assessment was incorrect and a definition of specific terms used in the complaint. The information provided by the Complainants in response to this request is non-responsive as well in that it does not aid the MGB to further determine the nature of the complaints before it.

The Respondent cites three previous MGB decisions under which the MGB struck complaints on the basis that they were incomplete: Manhattan Resources Ltd., Mika Resources Ltd. and Merit Energy Ltd. The Respondent submits that this case is directly on point with Merit Energy Ltd. and in that case the complaint was struck on the basis of vague and non-responsive reasons for the complaint. The MGB also considered in Merit Energy Ltd awarding costs to the Linear Assessor. The Respondent

BOARD ORDER: MGB 072/02

submits that in this case the MGB should award costs to the Linear Assessor owing to the time and effort expended by the Linear Assessor and the MGB in dealing with these complaints.

The process employed in handling the complaints for the 2001 tax year was a unique event. The private consultant was hired because of a staffing shortage experienced by the Linear Assessor in that year and it was the first time the practice had been used. The process was long and arduous even with the aid of the consultant and the Linear Assessor is not willing to repeat this process especially considering the fact that there are more complaints involved with the 2002 tax year complaints than with the 2001 tax year complaints.

The Respondent submits that judicial and administrative fairness requires that one standard be applied to all who appear before the MGB. The complaints are improper and incurable in that they do not enable the assessor to know the case to be met nor does it allow the MGB to understand the nature of the complaints before it. The requirements under s. 491(2) of the Act are clear and have not been met. The Respondent therefore requested that all complaints for the 2001 and 2002 tax years be dismissed in their entirety.

FINDINGS

Upon hearing and considering the representations and the evidence of the parties shown on Appendix A the MGB makes the following findings:

1. The complaints filed by the Complainants for the 2000 tax year do not comply with the information requirements under s. 491(2) of Act and s. 6.5 of the Procedure Guide of the MGB.
2. The complaint form filed by the Complainants for the 2000 tax year meets the definition of "Incomplete Appeal/Complaint Form" under s. 6.6.2 (b), (d) and (e) of the Procedure Guide of the MGB.
3. The information required under s. 491(2) of the Act and under s. 6.4 (b) and s. 6.5 (a) of the MGB Procedure Guide in respect of the complaints for the 2000 tax year was not provided by the Complainants within the time limits prescribed under s. 6.6.4 (b) of the MGB Procedure Guide.
4. The complaints filed by the Complainants for the 2002 tax year do not comply with the information requirements under the s. 491(2) of Act and s. 6.5 of the Procedure Guide of the MGB.

BOARD ORDER: MGB 072/02

5. The complaint form filed by the Complainants for the 2002 tax year meets the definition of "Incomplete Appeal/Complaint Form" under s. 6.6.2 (b), (d) and (e) of the Procedure Guide of the MGB.
6. The information required under s. 491(2) of the Act and under s. 6.4 (b) and s. 6.5 (a) of the MGB Procedure Guide in respect of the complaints for the 2002 tax year was not provided by the Complainants within the time limits prescribed under s. 6.6.4 (b) of the MGB Procedure Guide.
7. The actions of the Linear Assessor in hiring a private consultant to assist in the clarification of the complaints for the 2001 tax year entitles the Complainants to a time extension in respect of the complaints for the 2002 tax year.

DECISION

In consideration of the above, and having regard to the provisions of the *Municipal Government Act*, the MGB makes the following decision for the reasons set out below.

1. The complaints filed by the Complainants for the 2000 tax year are declared invalid.
2. The Complainants are given fourteen (14) days from the date of receipt of this decision by the Complainants in which to provide to the MGB the information as specifically described and requested in the Notice of Incomplete Application sent to Mr. Affolder on April 23, 2002. A copy of this Notice has been attached as "Appendix E". The date of receipt of this decision by the Complainants, as set out in the Interpretation Act, will be deemed to be 7 days from the date on which it is sent by the MGB to the Complainants. Failure to provide this information in the manner so directed within the fourteen (14) day extension so granted will render the complaints for the 2002 tax year invalid.
3. Request for costs is denied.

It is so ordered.

REASONS

Issue #1 – Completeness of Complaints for the 2000 Tax Year

BOARD ORDER: MGB 072/02

Section 491(2) of the Act states that any matter to be dealt with by a hearing before the MGB must be in written form and must include the reasons for the matter before the MGB and a brief explanation of the issues to be decided by the MGB. Section 6.4 (b) of the MGB Procedure Guide requires that a complaint with respect to a linear assessment must contain a copy of the assessment notice. Section 6.5 of the MGB Procedure Guide also requires that a complaint contain a brief description of the reasons for an appeal/complaint, and that where it does not the complaint will be classified as incomplete. Section 6.6.2 of the MGB Procedure Guide states that an appeal/complaint will be considered incomplete if it does not contain a copy of the Assessment Notice or documents that otherwise provide the information contained in the Assessment Notice. An appeal/complaint will also be considered incomplete under s. 6.6.2 if it does not include the reason(s) for the appeal/complaint. The purpose of these requirements is to enable the MGB to understand the nature of the appeal/complaint before it and for the Respondent to know the case that it has to meet.

The complaints received from the Complainants on May 31, 2000 merely indicated that all the 1999 linear assessments for the County of Lac Ste Anne, Lakeland County, Yellowhead County, the Municipal District of Bonnyville and the Municipal District of Greenview were being appealed. No assessment notices nor any additional information as described under s. 491(2) of the Act or ss. 6.5 and 6.6.2 of the MGB Procedure Guide were provided with the complaints. Based on the complaints as they were, the MGB would not be able to understand the nature of the complaints nor would the Respondent know the case it had to meet. The complaints are therefore incomplete.

Issue # 2 – Provision of Required Information for the 2000 Tax Year Within Prescribed Time Limits

Section 6.6.4 of the MGB Procedure Guide states that the MGB will within, 14 days of receiving an incomplete appeal/complaint, send a Notice of Incomplete Appeal to the appellant/ complainant who will then have 14 days from the date of the Notice to supply the incomplete information. Where the party does not so provide, the party will be required to appear before the MGB to explain why the information is not forthcoming.

The Notice of Incomplete Appeal was sent to the Complainants on June 2, 2000. In between that date and the date of the Preliminary Hearing on May 9, 2002 two additional requests for the incomplete information were made by the MGB. As of the date of the Preliminary Hearing none of the responses from the Complainants succeeded in providing the incomplete information as requested by the MGB. The only reasons for the complaint received by the MGB as of the Preliminary Hearing were “Pipeline Not Assessed” or “Wrong Obsolescence Factor”. These terms are not recognized by the MGB or the Designated Linear Assessor as valid reasons for a complaint and the Complainants have not provided a clear explanation as to their meaning. Therefore the Complainants have not provided the information

BOARD ORDER: MGB 072/02

required under s. 491(2) of the Act or ss. 6.5 and 6.6.2 of the MGB Procedure Guide within the prescribed time limits under s. 6.6.4 of the MGB Guide.

The MGB has therefore declared the complaints for the 2000 tax year invalid as it is empowered to do under s. 6.6.5 (ii) of the MGB Procedure Guide.

BOARD ORDER: MGB 072/02

Issue #3 – Completeness of Complaints for the 2002 Tax Year

Section 492(1) of the Act and ss. 6.4, 6.5 and 6.6.2 of the MGB Procedure Guide apply to the complaints for the 2002 tax year as well. The complaint filed on April 15, 2002 did not meet the information requirements under these sections because it failed to clearly state why the properties listed were under complaint. The only response to the Notice of Incomplete Application sent to Mr. Affolder on April 23, 2002 in respect of this complaint has been, other than to withdraw certain points of the complaint, to inform the MGB that certain pipelines and well sites exist. With respect to the pipelines, the response also indicated that “We will provide evidence that the lines are listed with the A.E.U.B.” With respect to the well sites, the response indicated that “These wells are listed with A.E.U.B. records but don’t appear to be included in the linear assessments.”

While the MGB is not asking that the Complainants put forward their entire case as a condition of filing a complaint, the MGB is asking that the Complainants identify the specific pipelines and well sites together with a brief, but understandable statement as to why a specific item should be assessed utilizing terminology recognized by the MGB in the context of linear assessment. Without sufficient information regarding what has been missed and why it should be assessed, neither the respondent nor the MGB is in a position to understand and prepare for a hearing of the complaints.

The complaint of April 15, 2002, even when taken in conjunction with the additional information that has been provided by the Complainants, would not enable the MGB to understand the nature of the complaints nor would it enable the Respondent to know the case it had to meet. The complaints in respect of the 2002 tax year are therefore incomplete.

Issue # 4 – Provision of Required Information for the 2002 Tax Year Within Prescribed Time Limits

Section 6.6.4 of the MGB Procedure Guide again applies. The MGB sent a Notice of Incomplete Application on April 23, 2002. The Complainant’s response on May 7, 2002 did little to clarify the nature of the complaints or clearly identify which properties were under complaint and for what reason. The response again incorporated terminology (ie: “operational”) with respect to why certain properties are under complaint that is not recognized by the Designated Linear Assessor or the MGB as having specific meaning within the context of linear property assessment.

The Complainant therefore has not provided the required information with respect to the complaints for the 2002 tax year within the time limits prescribed under s. 6.6.4 of the MGB Procedure Guide. Argument in hearing again rested upon the assertion that the required information had been provided so again no explanation as to why the information was not forthcoming was provided. For reasons to follow however, the MGB has not declared these complaints invalid.

BOARD ORDER: MGB 072/02

Issues #5, #6 and #7 – Complainant’s Entitlement To A Time Extension In Respect of the Complaints for the 2002 Tax Year and The MGB’s Authority To Compel the Hiring of A Private Consultant by the Linear Assessor.

For reasons of clarity, the reasons for these issues will be discussed together.

The principles of Natural Justice and administrative law state that where in dealings between two parties particular procedures are followed such as to create a legitimate expectation on the part of one party that such procedures will continue to be followed in the future, procedural rights to that procedure may arise in favour of the party holding the expectation.

Though not strongly argued before the Municipal Government Board, the MGB is of the opinion that the use of a private consultant by the Linear Assessor to clarify the complaints in respect of the 2001 tax year and the subsequent meeting with the Complainants and resolution of the complaints under s. 305 of the Act created a legitimate expectation on the part of the Complainants that the same process would be followed with respect to the complaints for the 2002 tax year. This action created a precedent that the Complainants were fairly entitled to rely upon with respect to the handling of future complaints. This expectation is further supported by the fact that the Complainants have provided to the Linear Assessor in respect of the complaints for the 2002 tax year the same information that was provided with respect to the complaints for the 2001 tax year. The MGB is of the opinion that the Complainant’s expectation that a meeting with the Linear Assessor was forthcoming was in part the cause of the Complainant’s failure to provide the required information when requested.

Under s. 6.6.5 (a) (iii) of the MGB Procedure Guide, the MGB is empowered to take any such action the MGB considers fair and reasonable considering the actions of the parties. Under this section the MGB may have the authority to compel the Linear Assessor to follow the same procedure with respect to the 2002 tax year complaints as it did with the 2001 tax year complaints including the hiring of a private consultant to aid in clarifying the complaints. The MGB, however, recognizes the uniqueness of the approach taken by the Linear Assessor in 2001 and the fact that is a process that has been afforded to only the Complainants in the past and to no other party. The MGB also has regard to the differing circumstances faced by the Linear Assessor in 2001 as compared to 2002. There are more properties under complaint for 2002 than with 2001 and the Linear Assessor is not prepared to fund a contract with a private consultant this year.

As such, the MGB is of the opinion that the granting of a 14-day time extension to the Complainants with respect to the 2002 tax year complaints is a fair and reasonable compromise in these circumstances. With respect to the quantum of the time extension, the only explanation provided by the Complainant is that he expected the Respondent to react as they had done the previous year and did not feel it necessary to meet the requirements of filing a complaint. The MGB would remind the

BOARD ORDER: MGB 072/02

Complainant that the actions of the previous year were not at the direction of the MGB and are irrelevant to the requirements of filing complaints. With this in mind, as well as the fact that the Complainant was requested to comply in the past, has failed to comply within the 14 days usually given other parties, is knowledgeable of the requirements and, one assumes, has access to the information which is the basis of the complaints, the MGB is willing to grant only a further 14 days.

Issue #8 – Order As To Costs

The issue of costs was not strongly argued before the MGB. Though the issue of costs was raised in the Merit Energy Ltd. preliminary hearing as cited by the Respondent, no costs were in fact awarded to either party in that decision. The MGB feels that the expenditure of time and effort by the Linear Assessor is in itself insufficient to warrant the awarding of costs to the Linear Assessor and no other argument in respect of costs was raised. Therefore, no costs will be awarded to the Linear Assessor in this matter.

Concluding Comments

The Municipal Government Board operates pursuant to authority granted it under the Municipal Government Act. A central theme and purpose of the Act is to ensure that those bodies operating under its authority carry out their functions and duties in a manner consistent with the principles of fairness and natural justice. With this purpose in mind and pursuant to authority granted under s. 523 of the Act, the MGB has adopted the MGB Procedure Guide. The purpose of the Guide is to set out what is required and expected of the parties that appear before the MGB as well as what is required and expected of the MGB itself. Fairness is achieved by the fair and even application of these requirements to all parties before the MGB and by the consistent observation in all cases by the MGB of its duties under the Guide.

While the Guide does not limit the discretion of the MGB, it does, based upon the facts of a particular case, establish the limits of that discretion with respect to a particular case. Irrespective of the discretion afforded the MGB, the principle behind the Guide remains the fair and equitable treatment of all parties. The Guide specifically seeks to ensure that within the facts of a particular case, no one party is afforded an advantage by virtue of actions or inactions in the derailment of a known and understood process. The affording of fairness and natural justice to all parties that appear before the MGB requires providing these parties with the opportunity to be heard. The opportunity to be heard necessarily includes enabling the parties to know the case to be met.

The MGB has an overall duty to ensure a fair, open and accessible process and to treat and be seen to be treating all parties appearing before it in a fair and equitable manner. In order to do this the MGB must fully understand the nature of the appeals/complaints before it. The information requirements put in

BOARD ORDER: MGB 072/02

place by the Act and the MGB Procedure Guide and adhered to by the MGB in this matter are designed to ensure an exchange of information that allows the MGB to meet the duty of fairness with which it has been charged and to enable a Respondent to determine the case to be met.

The MGB has requested no more information with respect to the complaints than it is empowered to do so under the Act and the MGB Procedure Guide. As well the MGB has requested the Complainants to provide no more information in order to render the complaints complete and sufficient than it would of any other party before it. The MGB is therefore of the opinion that its decision in this matter is in keeping with the MGB Procedure Guide and is fully consistent with the spirit and intent of the MGA and the principles of fairness and natural justice.

No costs to either party.

Dated at the City of Edmonton, in the Province of Alberta, this 5th day of June 2002.

Re: 2002 (tax year) Linear Property Assessment Complaints – Yellowhead County, County of Two Hills, M.D. of Bonnyville, M.D. of Greenview, Lac Ste Anne County

The Municipal Government Board (MGB) received your Applications for Linear Property Assessment Complaint of approximately three thousand six hundred 2002 linear complaints by the submission deadline of April 15, 2002.

The MGB is seeking clarification regarding your submissions to enable the matters to be heard by the MGB. Further, the Provincial Linear Assessor is entitled to know what is under complaint so that their staff can determine what adjustments, if any, need to be considered to insure the assessment is correct. To proceed with your applications, the MGB requires the following information.

- For each of the following municipalities: Yellowhead County, County of Two Hills, M.D. of Bonnyville, M.D. of Greenview, Lac Ste Anne County:
 - A definition of what is “Missing Pipeline.” Are these properties that the linear assessor has not assessed and will you be providing information to support your claim that the property exists and that it is assessable;
 - An explanation of the properties that are contained within the listing “Oil Flow” and what the expectation is, with support documentation, on why the PPI ID numbers are under complaint;
 - A description of the properties contained within the pages titled “To Review / To Check” and an explanation of why the assessments are incorrect.
 - A description of what is included under the headings “Missing Wells” and why these are under complaint.

BOARD ORDER: MGB 072/02

The Municipal Government Act in Section 491(2) requires that the complainant include in the form of a written statement the (a) reason for the matter being referred to the Board, and (b) a brief explanation of the issues to be decided by the Board. All complainants are required to provide this information or the applications are deemed to be incomplete.

Please provide the information for completing the application, as required by Section 491(2), by Tuesday, May 7, 2002 at 4:00 p.m. If the full and complete information is not made available to the MGB by that date you are required to appear before an administrative panel of the MGB as specified below:

DATE: Thursday, May 9, 2002
TIME: 1:00 p.m.
PLACE: Municipal Government Board
15th Floor, Commerce Place
10155 – 102 Street
Edmonton, Alberta
