

ALBERTA ELECTRICAL AND COMMUNICATION UTILITY CODE

SUBJECT: Errata 2002

Following is a list of errors that have been identified in the 2002 edition of the Alberta Electrical and Communication Utility Code. They will be corrected in the next edition of the Code.

1. Page 34, Rule 6-060 – In Subrule (4):
 - change reference to Subrule (4) from (4) to (5)
 - change reference to Subrule (2) from (2) to (3)In Subrule (5):
 - change reference to Subrule (3) from (3) to (4)In Subrule (8)
 - change reference to Subrule (6) from (6) to (7)
2. Odd pages 39 through 47 – Change heading to read “Section 8 – Generating Stations, Substations, and Electrical Equipment Installations”.
3. Page 45 – “8-092GroundingAll...” should read “8-092 **Grounding.** All...”
4. Page 49, Rule 10-002(2) – Under Clause “3.1.7 Tree Trimming” re-number sub-clauses (3) and (4) to sub-clauses (2) and (3).
5. Page 51, Rule 10-002(8) – Re-number sub-clauses (2) and (3) to sub-clauses (1) and (2).
6. Pages 77 to 81 – Replace Index with new Index attached.
(In failing to re-format the Index just prior to printing, a significant number of page references were found to be inaccurate.)

SAFETY CODES COUNCIL

Issue of this STANDATA is authorized by
the Administrator

A handwritten signature in black ink, appearing to read 'René Leduc'.

René Leduc
