

NOTICE

New Private Sewage Systems Regulation

This update is intended for all Albertans who may have cause to use the new Private Sewage Disposal Systems Regulation and the Private Sewage Systems Standard of Practice adopted by this regulation.

Stakeholders with a special interest in this new regulation include:

- the Safety Codes Council;
- Private sewage system installers;
- Private sewage systems safety codes officers;
- accredited municipalities, agencies, and corporations; and
- the Alberta Onsite Wastewater Management Association.

Codes in force under the new regulation

The 2015 Private Sewage Systems Standard of Practice was adopted under the Private Sewage Disposal Systems Regulation (AR 229/1997 with amendments up to and including AR196/2015). The regulation and adopted Standard of Practice came into effect January 1, 2016.

Information on purchasing codes

The Private Sewage Systems Standard of Practice and the Private Sewage Disposal Systems Regulation are available from Alberta Queen's Printer (Phone 780-427-4952 or online at www.qp.gov.ab.ca).
